Manufacturers of Quality Products for the Food Marketing Industry

Durable, Versatile

Our Slant-Tops can change as quickly as your customers' preferences.

Staying on top of what your customers want, and how they want it, is the key to profitable deli/bakery merchandising. And, with customers' preferences changing more often and more rapidly than ever, it's critical you have a merchandising system that can easily adapt to countless merchandising configurations. The extremely versatile Amtekco Euro-style Slant-Top Merchandisers give you that ability. What's more, we've combined this versatility with the most rugged, safe, and easy-to-operate design features in the industry.

Our basic Slant-Top Merchandiser features include:

Beautiful solid red oak construction with a double coating of water-resistant clear lacquer sealant

Extremely rugged, fully welded steel frame and cross rails

Four angle settings (0°, 10°, 20° and 30°) for optimum versatility

Uncompromising safety features including:

- Highly safe and secure Risk-Management-Approved slant-top locking mechanisms
- Secure position locking on pull-out front shelf
- All 4 casters equipped with locking mechanisms
- Extra heavy-duty construction can hold in excess of 1,500 lbs.

Tough rubber bumper guard protects against cart damage

Available in 36" and 48" widths

Highly mobile unit makes resetting of department, cleaning and waxing of floors a breeze

Industry's easiest, one-handed angle modification

Over 30 options for the optimum in merchandising versatility

All solid red oak components screwed together

Arrives fully assembled

Sturdy steel legs and angle supports

4 extra-rugged locking casters for added stability

Fully welded frame and legs are finished with a tough, baked-on powder coating

Convenient front pull-out shelf extends a full 15" for even greater merchandising flexibility

Merchandisers Move

Our attractive Bread Shelf turns lost space into valuable merchandising space.

Once again, Amtekco has come up with another way for you to increase sales. We simply call it our Bread Shelf. You'll call it great! With our thoughtfully engineered Bread Shelf, you'll be able to utilize space that, until now, was useless. What's more, the stair-step design of our Bread Shelf allows every single item to be easily seen, even items on the bottom shelf.

Extremely rugged, fully welded steel frame

Beautiful solid red oak construction with a double coating of water-resistant clear lacquer sealant

Available in standard 4', 6' and 8' widths – custom sizes available

Arrives fully assembled

Full frame and legs are finished with a tough, rust-resistant, hardened enamel

All solid red oak components screwed together

Sturdy 1" tubular steel legs

Amtekco's Slant-Top and Bread Shelf merchandisers allow you the flexibility to reset your deli/bakery department layout as often as needed to keep your department looking fresh, appealing and inviting.

Product Faster!

Our Regular and Oak End Caps are the perfect way to end a display.

- Rugged, multi-tiered shelving allows displaying of bulk and prepackaged products (Regular End Cap only)
- Durable oak veneer surface effectively creates the illusion of mass (Oak End Cap only)
- Extremely rugged, fully-welded steel frame, cross rails and diagonal bolt pattern eliminate stress to red oak panels
- Sturdy steel legs and angle supports
- Full frame and legs are finished with a tough, rust-resistant, hardened enamel
- Beautiful solid red oak construction with a double coating of water-resistant clear lacquer sealant
- All solid red oak components screwed together
- Tough rubber bumper guard protects against cart damage
- Rugged locking casters for added stability
- Highly mobile unit makes resetting of department, cleaning and waxing of floors a breeze
- Arrives fully assembled

Amtekco's new Pop-up Slant-Top Merchandiser adds new slants to your product merchandising!

It was difficult finding a way to improve one of the industry's most popular and successful slant-top merchandisers — but Amtekco did it. Amtekco's new Pop-up Slant-Top Merchandiser combines all of the advantages of their standard Slant-Top Merchandiser with the added flexibility of three integrated and independent pop-up shelves. Now you can truly add new, profitable slants to your product merchandising.

Standard Features

- Extremely rugged, fully welded steel frame and cross rails
- Sturdy steel legs and angle supports
- Full frame and legs are finished with a tough, baked-on powder coating
- Highly safe and secure Risk-Management-Approved slant-top locking mechanisms
- Secure position locking on pull-out front shelf
- Extra heavy-duty construction can hold in excess of 1,500 lbs. (refers to flat main slant rack only)
- Four main slant-top angle settings (0°, 10°, 20° and 30°) for optimum versatility
- Four pop-up shelf angle settings (0°, 10°, 20° and 30°) for even greater versatility
- Convenient front pull-out shelf extends a full 15" for full merchandising flexibility
- Beautiful solid red oak construction with a double coating of water-resistant clear lacquer sealant
- All solid red oak components screwed together
- Tough rubber bumper guard protects against cart damage
- Available in 48" width
- Four extra rugged locking casters for added stability
- Industry's easiest, one-handed angle position changing
- Highly mobile unit makes resetting of department and cleaning and waxing of floors a breeze
- Arrives fully assembled
- Manufactured and assembled in the USA

Amtekco's standard 48"
Pop-up Slant-Top
Merchandiser
